TRAINING

ALTRAD SPARROWS GANTRY CRANE OPERATOR TRAINING

When we develop your people, you can be assured of their competence to carry out the safety critical role of crane operator to Altrad Sparrows exacting standards.

Delivered by our experienced instructors, our crane operator courses support safe lifting operations for global industries.

WHO SHOULD ATTEND?

The Altrad Sparrows Gantry Crane Training is designed for operators of overhead gantry cranes located in onshore warehouse facilities or at an offshore workplace.

The course is suitable for a minimum of three and maximum of six delegates.

WHAT IS THE DURATION OF THIS COURSE?

One day.

WHAT ARE THE PREREQUISITES FOR THIS COURSE?

It is the responsibility of the employer to ensure that candidates elected for this training are currently or soon-to-be involved in overhead gantry crane operations.

WHAT ARE THE AIMS OF THIS COURSE?

To establish that the delegate has the required underpinning knowledge, understanding and practical skills to fulfil the role of overhead gantry crane operator safely, effectively, and competently.

WHAT WILL BE COVERED?

Delegates will be trained and assessed in a mix of theoretical and practical elements. Practical exercises will be assessed on an ongoing basis and a theoretical exam is conducted at the end of the training course. The key areas of focus include:

- Lifting operations legislation i.e., LOLER / best practice / safe systems of work
- Types of overhead cranes
- Hazards associated with overhead cranes
- Organising a lifting operation
- Principles of a lifting operation
- Pre-operational and operational checks
- Safe slinging and signalling
- Overhead crane maintenance requirements.

WHAT CERTIFICATE DO ATTENDEES RECEIVE ON COMPLETION OF THIS COURSE?

An Altrad Sparrows Gantry Crane Operator certificate will be awarded to the candidate on successful completion of all practical and theoretical elements. The certificate is valid for two years.

Developing competence and reducing risk

Having worked in the offshore industry since 1975, Altrad Sparrows has unrivalled experience in offshore lifting operations, competence assessment and training. Our goal is to help build a strong safety culture in the workforce, reducing the frequency and severity of incidents which could cause harm to people or property.

We are the only company in the world to offer onshore coaching in a real offshore pedestal crane and a crane simulator. Delivered by our experts who are all staff and have hands-on experience in their fields, our programmes ensure students reach Altrad Sparrows' industry-leading standards. Training programmes are accredited to ISO:9001, OPITO and BFPA in the UK and API RP2D in the US.

As well as offering a number of standard courses, unlike many other training providers, we offer bespoke training solutions that meet our clients exact objectives. We can deliver our training at your location, both offshore and onshore.
